FOR US.

Take PKG 0.00 -1.45

0:00-0:012 (Anchor – Cyrena Berry) THE SOCIETY OF WOMAN ENGINEERS IS HAVING THEIR 6<sup>TH</sup> ANNUAL 5K FUN RUN. THEY ARE RAISING MONEY TO ATTEND THEIR JOB CONFERENCE IN CALIFORNIA WHERE WOMAN ARE GIVEN A CHANCE TO SHOW OFF THEIR SKILLS IN ENGINEERING.

0:013 - 0:20 (Fundraising Chair – Yoselin Rodriguez) I feel like before women were not as involved and I think that's OK. Women have evolved now and for that I am so grateful I'm so honored to be in a program or even a school I should say to be accepted and that makes me proud to see women out there

0:21 - 0:32 (On Camera – Cyrena Berry)

THEY HAVE ALREADY RAISED \$5,000 AND THEY DON'T PLAN ON STOPPING THERE. COMPANIES LIKE ANALOG DEVICES AND CAMPGLADIATORS CAME OUT IN SUPPORT OF WOMAN. THEY WERE HANDING OUT FUN ITEMS LIKE CUPS, SHIRTS AND INFORMATION PACKETS FOR JOB OPPORTUNITIES. ANDY DAVIS FROM

| ANALOG DEVICES SHEDS SOME LIGHT HOW   |
|---|
| WOMAN HAVE EVOLVED IN ENGINEERING.  |
| Over the years there's been a steady and gradual increase of women in engineering. I've been in engineering for about 38 years and I've seen the progression from the early 80s till today. Bringing that kind of diversity and a different viewpoint into the field of engineering is very surely needed. It has been a plus I think that it is very good. |
| TROY ALSTON PLACED 2 <sup>ND</sup> IN THE EVENT AND TELLS US THE IMPACT WOMAN CAN MAKE.   |
| I think Women deserve the same rights as anybody else. If a woman is qualified and she has the smarts and she can do it them do their thing. You never know when the next Big idea is coming from Woman that you were leaving out may actually be the next big thing. You just never know what you're missing out on  |
| This is male dominant career. Correct it is. That definitely doesn't stop us. Not me not any of us.   |
| (Anchor on camera) THE SOCIETY OF WOMAN ENGINEERS USES  |
| MANY EVENTS LIKE THE ONE TODAY TO   |
| GIVE WOMAN HOPE AND OPPORTUNTIES  |
| INTO THEIR FIELD OF EXPERTSE. IF YOU  |
